B. MANAGEMENT DISCUSSION AND ANALYSIS

1. Industry Structure and Developments

India's textiles sector is one of the oldest industries in Indian economy and one of the largest contributors to India's exports with approximately 13 per cent of total exports. The textile industry has two broad segments. First, the unorganised sector consists of handloom, handicrafts and sericulture, which are operated on a small scale and through traditional tools and methods. The second is the organised sector consisting of spinning, apparel and garments segment which apply modern machinery and techniques such as economies of scale. The Indian textiles industry is extremely varied, with the hand-spun and hand woven textiles sectors at one end of the spectrum, while the capital intensive sophisticated mills sector at the other end of the spectrum.

The decentralised power looms/ hosiery and knitting sector form the largest component of the textiles sector. The close linkage of the textile industry to agriculture (for raw materials such as cotton) and the ancient culture and traditions of the country in terms of textiles make the Indian textiles sector unique in comparison to the industries of other countries. The Indian textile industry has the capacity to produce a wide variety of products suitable to different market segments, both within India and across the world. The textiles industry is also labour intensive and employs large number of persons.

The fundamental strength of the textile industry in India is its strong production base of wide range of fibre/yarns from natural fibres like cotton, jute, silk and wool to synthetic / man-made fibres like polyester, viscose, nylon and acrylic.

The textile industry employs about 105 million people directly and indirectly. India's overall textile exports during FY 2017-18 stood at US\$37.74 billion.

AMBIKA COTTON MILLS LIMITED

MANAGEMENT DISCUSSION AND ANALYSIS (Contd.)

2. Market Size

The Indian textiles industry, currently estimated at around US\$ 150 billion, is expected to reach US\$ 230 billion by 2020. The Indian Textile Industry contributes approximately 2 per cent to India's Gross Domestic Product (GDP), 10 per cent of manufacturing production and 14 per cent to overall Index of Industrial Production (IIP).

The production of cotton in India is estimated to increase by 9.3 per cent year-on-year to reach 37.7 million bales in FY 2017-18. The total area under cultivation of cotton in India is expected to increase by 7 per cent to 11.3 million hectares in 2017-18, on account of expectations of better returns from rising prices and improved crop yields during the year 2016-17.

3. Opportunities & Threats

Cotton yarn accounts for the largest share in total yarn production; India's growing population has been a key driver of textile consumption growth in the country. It has been complemented by a young population which is growing and at the same time is exposed to changing tastes and fashion. Rising incomes has been a key determinant of domestic demand for the sector; with incomes rising in the rural economy as well, the upward push on demand from the income side is set to continue. The Indian textile industry is set for strong growth, buoyed by both strong domestic consumption as well as export demand. Urbanization is expected to support higher growth due to change in fashion and trends.

The Textile Ministry of India earmarked Rs 690 crore (US\$ 106.58 million) for setting up 21 ready made garment manufacturing units in seven states for development and modernisation of Indian Textile Sector.

4. Segment Wise Performance

The Contribution of Spinning segment and wind energy (captive power for spinning segment) are as under.

(Rs. in Lakhs)		
Segment	FY 2017-18	FY 2016-17
Spinning	6351	5757
Wind Energy	1980	1743

5. Outlook

The Company, on account of manufacturing specialty cotton yarn, continues to have good demand for its products and has created specific markets for its products. This ensures more sustained profitable operations. The company continues to strengthen its production base by modernization and adding balancing equipments and improvising production process. The Company has installed windmills for 100% of its captive requirements and installed EHT line (110 KVA Sub-Station) for smooth flow of quality power. The Company has commenced its operations in Knitting during the year. These measures will continue to support the operations of the company.

6. Risks and Concerns

- (i) Positive economic environment
- (ii) Government policies.
- (iii) Stability in Raw cotton prices.
- (iv) Evacuation of 100% Wind energy generated to State Grid and favourable wind season.

AMBIKA COTTON MILLS LIMITED

INDEPENDENT AUDITORS' REPORT

To

The Members of Ambika Cotton Mills Limited

Report on IND AS Financial Statements

We have audited the accompanying IND AS financial statements of **Ambika Cotton Mills Limited** ('the Company'), which comprise the balance sheet as at **31st March 2018**, the statement of profit and loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information. (herein after referred to as "IND AS financial statements")

Management's Responsibility for the IND AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and preparation of these IND AS financial statements that give a true and fair view of the financial position, financial performance including Other Comprehensive income , Cash flows and Changes in Equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (INDAS) specified under Section 133 of the Act, read with rule 7 of the Companies (Accounts) Rules, 2014.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the IND AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the IND AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the IND AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the IND AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the IND AS Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the IND AS Financial Statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid IND AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the IND AS of the Financial position of the Company as at 31st March 2018, and its financial performance including other comprehensive income, its cashflows and changes in the equity for the year ended on that date.

ANNEXURE - B TO INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Ambika Cotton Mills Limited ("the Company") as of 31 March 2018 in conjunction with our audit of the IND AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

AMBIKA COTTON MILLS LIMITED

ANNEXURE - B TO INDEPENDENT AUDITORS' REPORT (Contd.,)

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the IND AS Financial Statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanation given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

AMBIKA COTTON MILLS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2018

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the profit or loss.

For transition to IND AS, the company has elected to continue with the carrying value of all of its property, plant and equipment recognised as of 1st April 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

2.4. Intangible Assets

Intangible assets are carried at cost less accumulated amortisation. Amortisation is recognised on a straight line basis over their estimated useful lives.

Estimated useful lives of the tangible assets are as follows:	
Technical know how	4 Years

For transition to IND AS, the company has elected to continue with the carrying value of Zero of its intangible assets viz Technical know which was fully amortised as of 1st April 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

2.5. Impairment of assets

A tangible or intangible asset is treated as impaired when the carrying amount of the asset exceeds its estimated recoverable value. Carrying amounts of tangible or intangible assets are reviewed at each balance sheet date to determine indications of impairment, if any, of those assets. If any such indication exists, the recoverable amount of the asset is estimated and an impairment loss equal to the excess of the carrying amount over its recoverable value is recognised as an impairment loss. The impairment loss, if any, recognised in prior accounting period is reversed if there is a change in estimate of recoverable amount.

2.6 Financial Instruments

Financial assets and financial liabilities constitute Financial Instruments and are recognised only when the company becomes party to the contractual provisions of the instrument.

On initial recognition, (i) financial assets are classified either at amortised cost or fair value through other comprehensive income (OCI) or fair value through profit or loss (FVTPL) and (ii) financial liabilities either at amortised cost or fair value through profit or loss (FVTPL)

On initial recognition, a financial asset or a financial liability is measured at its fair value. In the case of a financial asset or liability which is not categorised at FVTPL, the financial asset or liability will be measured at its fair value plus/minus transaction cost that are directly contributed to the acquisition or issue of the financial asset or financial liability.

The financial assets and liabilities are carried at FVTPL and there are no financial assets and liabilities falling under other categories.

The equity instruments are categorised at FVTPL and are measured at the end of each reporting period.

In the case of derivatives, the contractual rights and obligations are recognised as assets or liabilities in the balance sheet.

The financial assets are derecognised when the contractual rights to the cash flows from the asset expires.

The financial liabilities are derecognised when the obligations are discharged.

2.7 Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the entity are recognised at the proceeds received, net of direct issue costs.

AMBIKA COTTON MILLS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2018

Repurchase of the company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the company's own equity instruments.

2.8 Valuation of Inventories

Inventories are valued at lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. The costs of inventories are ascertained on weighted average method. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

2.9. Foreign Currency transactions

Foreign currency transactions are recorded at the exchange rates prevailing at the date of the transaction.

Foreign currency monetary items at the balance sheet date are reported using the closing rate.

Exchange differences arising on the settlement of monetary items or on reporting of monetary items at rates different from those at which they were initially recorded during the year or reported in previous financial statements are recognized as income or expense in the year in which they arise.

Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

2.10 Recognition of revenue

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns. The company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity.

Dividend income from investments is recognised when the right to receive payment is established

Interest income is recognized on time proportionate basis with reference to the to principal outstanding and at the effective interest rate applicable.

Export incentives are recognised when the right to receive payment/ credit is established and no significant uncertainty as to measurability or collectability exists.

2.11 Borrowing Cost

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

2.12 Date of recording of Final Dividend declared by the Company as a liability

Final dividend on shares are recorded as a liability on the date of approval by the shareholders at the annual general meeting and interim dividend are recorded as a liability on the date of declaration by the Company's Board of Directors.

2.13 Earnings per share

Basic Earnings per share is calculated by dividing the Net Profit after tax attributable to the equity shareholders by the weighted average number of Equity Shares outstanding during the year.

2.14 Employee Benefits

Employee benefits consist of provident fund and gratuity. The company's contribution to provident fund is considered as defined contribution plan and charged as an expense based on the amount of contribution required to be made. For defined benefit plan the company contributes to group gratuity scheme formulated by Life Insurance Corporation of India as demanded by the said corporation to discharge its liability on account of employee post employment benefits.

AMBIKA COTTON MILLS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2018

2.15 Segment reporting

The company is primarily engaged in manufacturing cotton yarn and fabrics. The power generated from windmills is meant for captive consumption for manufacturing of cotton yarn and fabrics. One of the criteria for segment reporting is absolute amount of the segment's reported profit or loss is 10% or more of the greater of (i) the combined reported profit of all operating segments that did not report a loss and (ii) the combined loss of all operating segments that reported a loss and accordingly the company has identified two reportable segments viz., Textiles and Windmills as business segments and inter segment revenue is value of power adjusted by State Government Corporation (TANGEDCO) in electricity bills of spinning segment.

2.16. Taxes on Income

Income tax expense comprises current and deferred income tax.

Current tax

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting date.

Deferred tax

"Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income, in which case, the current and deferred tax are also recognised in other comprehensive income.

2.17 Provisions, contingent liabilities and contingent assets

Provision is recognized when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. Disclosure for contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. No provision is recognized or disclosure for contingent liability is made when there is possible obligation or a present obligation and the likelihood of outflow of resources is remote. Contingent Asset is neither recognized nor disclosed in the financial statements.

2.18 Cash Flow statement and Cash and Cash equivalents

Cash Flows are reported using the Indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. Cash and cash equivalents include cash on hand and balances with banks in current accounts with necessary disclosure of cash and cash equivalent balances that are not available for use by the company.

2.19 First-time adoption of IND AS - Overall principle

The company has prepared the opening balance sheet as per IND AS as of 1st April 2016 (the transition date) by recognising all assets and liabilities whose recognition is required by IND AS, not recognising items of assets or liabilities which are not

AMBIKA COTTON MILLS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2018

permitted by IND AS, by reclassifying items from previous GAAP to IND AS as required under IND AS, and applying IND AS in measurement of recognised assets and liabilities.

In transition to IND AS the company has opted as under,

- (i) To continue with the carrying value of all its Property, plant and equipment and intangible assets, recognised as of 1st April 2016 (transition date), measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.
- (ii) Designated investment in all equity shares as at FVTPL on the basis of facts and circumstances that existed at the transition date.

3. Critical accounting judgements and key sources of estimation uncertainty

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in note. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Information about such estimates and judgments are included in the relevant notes together with the basis of calculation for relevant line item in the financial statements. Estimates and judgments are based on historical experience and other factors, including expectations of future events that may have a financial impact on the company and that are believed to be reasonable under the circumstances.
